Marital Status: Single

Address: Faizabad Road, Lucknow,
Uttar Pradesh.

As a software developer, I bring proficiency in diverse programming languages, full-stack development, problem-solving acumen, version control expertise, and a commitment to continuous learning. My skills enable efficient project management, testing, and innovative solutions, making me a valuable asset for successful software development endeavors.

Work Experience

| | |
|--------------------------|--|
| July 2023 - Till Date | Software Developer Substring Technologies Lucknow, Uttar Pradesh |
| | Front-end development |
| | Project: Driving Mitra (Using Django) |
| | Learning driving becomes the need of the hour. It is as essential in this helter-skelter life. For going college/o?ce or for personal work vehicle is necessary. Everybody having a vehicle must know how to drive it safely to reach the desired destination. For learning driving earlier people used to learn it by friends or family members but now a day?s everyone is busy in their own work. Then driving schools came into existence where people used to go to learn driving for two wheelers and four wheelers. For getting online details of the school online and their instructors fees, facilities etc this portal comes into existence |

Education

| | |
